NoPileups™ Full Tunnel Anti-Collision System

## What To Do When Stops Happen

1. Watch Replay
  Check the NoPileups screen for a video of the stop.

2. Reposition Vehicle
  If the car is off the roller, put it back.

3. Check NoPileups
  If the red box is not aligned with the car, use the ROLLER or IGNORE button.

Hopped Roller?
Press the ROLLER button

Problem Vehicle?
Press the IGNORE button

Ignored Vehicles Are Not Monitored
If you ignore a vehicle, escort the car safely out the tunnel.
